Codenotary Cloud® Subscription Agreement

IMPORTANT – READ CAREFULLY: This Subscription Agreement (hereinafter the “Agreement”) is a legal agreement between you (either an individual or a legal entity) and CodeNotary Inc for the provision of the services as set forth in Section 1 (collectively the “Services”). YOU AGREE TO BE BOUND BY THE TERMS OF THIS AGREEMENT BY USING THE SERVICES. IF YOU DO NOT AGREE, DO NOT USE THE SERVICES.

1. **Subject Matter.** Subject matter of this Agreement is the provision of the Services by CodeNotary Inc and the use of such Services by you over the internet. The Services may include the following:
 - 1.1. Codenotary Cloud®, i.e. CodeNotary Inc’s suite of immutable data software solutions provided to you for installation and deployment within your own environment. Codenotary Cloud® can only be used through the initial term set forth in the Purchase Order signed by you, in accordance with the cryptographic License Key provided to you.
 - 1.2. Your Purchase Order sets forth the Product and/or Services subscribed to hereunder and such applicable payment terms and technical configurations and requirements. “**Purchase Order**” means the CodeNotary Inc standard ordering document, or any conforming ordering document issued by you for purchases hereunder, including addenda thereto, that are entered into between You and CodeNotary Inc from time to time. Our instance-based licenses allow you to install Codenotary Cloud® software on a hosted platform. The instance count will depend on the scope of your requirements. The pricing for this license is based on the specific number of instances that your company installs, ensuring you only pay for what you use. Please note that we distribute one license per instance, in accordance with the Purchase Order. Should you desire to acquire additional instances, you will be required to issue a new Purchase Order for the additional instance(s). Additional licensing might be necessary for Codenotary Cloud® increased number of ledgers, plug-ins, and extensions.
